

A photograph of a white swan with a long, curved neck and a bright red beak. The swan is positioned in the lower right foreground, looking towards a nest. The nest is a large, messy pile of dry sticks, straw, and reeds, situated in a body of water. Several white, oval-shaped eggs are visible within the nest. The background is filled with tall, thin reeds and a clear blue sky. The water reflects the reeds and the sky.

A white swan is shown in profile, facing left. It has a long, curved neck and a red beak. The background consists of tall reeds and a body of water. The text "jest" and "iem" are visible on the left side of the image.

A large, fluffy brown squirrel is shown sitting and holding a nut in its paws. The squirrel has a thick, brown coat and a large, bushy tail. It is looking directly at the camera with a focused expression. The background is a plain, light color.

A brown mouse is shown in its natural habitat, standing on dark, moist soil. In the background, a large, weathered log has a prominent circular hole. The mouse is facing right, and its body is covered in brown fur. The scene is illuminated by natural light, highlighting the textures of the soil and the log.

A detailed illustration of a beaver standing in shallow water. The beaver has dark brown, wet-looking fur and a long, flat tail. It is facing left, with its head slightly turned towards the viewer. The background shows a body of water with some lily pads and a small portion of a tree trunk on the right.

A photograph of a large, moss-covered tree stump in a forest. The stump is covered in thick green moss and has a dark, hollowed-out opening at its base. It is surrounded by fallen branches and green foliage. The background shows a dense forest with tall trees and a green canopy.

A large, gnarled tree with thick, brown, textured bark and green foliage, standing in a dry, open landscape under a clear blue sky. The tree's trunk is thick and twisted, and its branches spread out, bearing green leaves. The ground is dry and sandy with some sparse vegetation. In the background, there are rolling hills and a clear blue sky.

A large, textured, yellowish-brown wasp nest hanging from a tree branch, surrounded by green leaves. The nest has a complex, layered structure with many small openings.

A small bird, possibly a flycatcher, is perched on a textured, light-colored rock surface. The bird has a brownish-grey head and back, with a lighter, yellowish-brown underbelly. It is facing left, with its head slightly turned towards the viewer. The background is a soft-focus green, suggesting foliage.
